SUMMARY

Self-taught junior software developer with experience building websites, games, applications, bots, and Roblox systems. Skilled in multiple programming languages with strong problem-solving abilities and teamwork experience through hackathons and collaborative projects. Fast learner passionate about game development and software engineering.

EDUCATION

Loudoun County High School

11th Grade Student | Expected Graduation: 2027

GPA: 3.46

TECHNICAL SKILLS

Languages:

- Python
- Java
- Lua
- HTML
- JavaScript
- C#
- Learning: C++, React

Development Areas:

- Game Development
- Roblox Systems
- Web Development
- Application Development
- Bot Development

Tools & Technologies:

- GitHub
- VS Code
- Roblox Studio

PROJECTS

Personal Portfolio Website

- Designed and developed a personal portfolio website to showcase programming projects and technical skills.
- Built using HTML, CSS, and JavaScript.

Roblox Systems & Game Development

- Developed custom Roblox systems and gameplay mechanics using Lua.
- Created scalable scripts and interactive game features.

Custom Bots & Applications

- Built automation tools and bots using Python and JavaScript.
- Developed applications focused on functionality, performance, and user experience.

Hackathon Experience

Virginia CyberSlam 2025

- Participated in cybersecurity and technology-focused competitive events.
- Collaborated with team members to solve technical challenges under time constraints.

Virginia CyberSlam 2026

- Worked on collaborative software and cybersecurity challenges.
- Demonstrated problem-solving, teamwork, and adaptability in fast-paced environments.

Private AI & Satellite Imagery Hackathon (2024)

- Worked on an AI-based project that analyzed satellite imagery to predict road locations.
- Helped train and improve systems using factors such as road size, vehicle types, traffic density, and image timing.
- Collaborated with teammates to improve prediction accuracy and data analysis methods.

CERTIFICATIONS

IT Specialist - Networking

WORK EXPERIENCE

Lifeguard

High Sierra Pools | May 2025 - Present, Seasonal

- Maintained safety and responded quickly in high-pressure situations.
- Demonstrated responsibility, teamwork, and communication skills.
- Managed large groups of guests while enforcing safety procedures.
